The banks have also been directed by the Reserve Bank of India to formulate rehabilitation packages for the .revival of potentially viable units on merits of each case. In addition, Government have enacted a comprehensive legislation, namely "The Sick Industrial Companies (Special Provisions) Act, 1985" which provides for setting up of **a** quasi-judicial body designated as the 'Board for Industrial and Financial Reconstruction' (BIFR) to deal with the problems of sick industrial companies in an effective manner. The BIFR has become operational with effect from 15th May, 1987.

Government have also liberalised recently the Margin Money Scheme with a view to supplement the efforts of the State Governments in reducing the incidence of sickness in small scale units. Moreover, RBI have also issued guidelines separately to the banks for dealing with the problems of small scale units.
